

Ideation Phase

Define the Problem Statements

Date	19 September 2022
Team ID	PNT2022TMID35637
Project Name	Detecting Parkinsons' Disease Using Machine Learning
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	a person with symptoms of Parkinsons disease	figure out if I have Parkinsons disease or not	current methods to check if I have Parkinsons' or not are not within reach	current methods of checking are very expensive and requires presence of expert neurologists	sad and hopeless
PS-2	a doctor in a clinic/hospital	figure out if a patient has Parkinsons disease or not	I cannot conclude for sure if the symptoms are enough to conclude Parkinsons	I do not have the neurological expertise to diagnose and start the medications	frustrated and incapable to help

PS - 1

PS - 2
